

Weekly Testimonies

From Ben, Kennedy & Elius, Kenya

Dear Brothers & Sisters at RM,

We take this opportunity to say **THANK YOU**. Thank you fellow soldiers of the Lord for your gifts and support towards the work and for enabling us buy three motorbikes.

The bikes will be used by Kennedy, Elias and brother Ashton. We registered the bikes in their names, one in the name of Kennedy, another one in the name of Elias and the last one in my name. The one I registered in my name, I have given to Ashton to use for I have a used one I will continue to use. Brother Ashton is doing a good work.

We did not find Honda bikes in Bungoma so we travelled to another town called Kakamega but they were also not available, therefore brothers, we settled with what was available in Bungoma. We bought two TVS at 108,000 shillings each, and 3,000 each for insurance. Kennedy was impressed with another make which was 90,000 shillings, I then added him 10,000 for the insurance and logbook and fuel. The rest eight thousand we used to fuel the other bikes and some money was used for our transport from Bungoma to Kakamega.

I gave Elias 22,000 which appeared in the account after the bank charges for the medication for his child.

Thank you all and may God bless you.

Greetings dear brothers and sisters in the name of our lord and savior Jesus Christ .

God has given me another wonderful opportunity to reach all these interdenominational pastors to tell them about there is only one true God as shown in Revelation chapter 14:6 to 12. We explaining about these wonderful words to them why we need to worship the only one true God who created the seas and contents of the water and the whole creation.

Amazingly these pastors understood this truth and started to listen what God was speaking to them and also they have made a commitment to take this one true God message to their local churches to preach and teach them that there is only one God and he sent his only one begotten son Jesus Christ for our sins.

They were very happy after knowing there is only one true God and there is no Trinity. God is working and it's time to blow the trumpet and to bring his people back to worship him with the spirit and the truth.

This mission I always thankful to you and thankful restitution brothers and sisters please pray for continue to build the mission training school so that many Sunday pastors will come and join and listen the word of god and worship there is only one true God.

We had a wonderful outreach with the all little Sabbath keeping pastor whose name is Prasad and this faster is sir working for God and he understood the truth reaching is local community with one true God message and savage truth to conduct in cyber service in his Church after you understood this wonderful truth of God thank you restitution brothers and sisters for your prayers.

Please pray for India and pray for Indian mission work. We appreciate your prayers and support. God has opened people's hearts to come to the creator to worship him to prepare their lives to meet him in the clouds.

Many opportunities are coming because of prayer to reach and to teach the people about God's ten commandments and also the wonderful truth about God.

Please pray for Indian mission work.
Thank you. God bless you all.
Pastor Naik Christian.

Bad habits are more easily formed than good habits, and the bad habits are given up with more difficulty. I have heard of an exceeding great valuable habit that I am trying to learn, please pray for Stefan that he can cultivate this habit and pray for your selves too that we can all experience this wonderful habit. Thank you for your prayers. Now this is the habit.

Cultivate the habit of talking with the Saviour when you are alone, when you are walking, and when you are busy with your daily labor {MH 510.1}

On my white board wrote this. See Pictures
“Tobacco is a slow, insidious, but most malignant poison.” And under that wrote “I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life”. This is health and gospel together. Medical missionary work and gospel work must go hand in hand. Leaned the board on a huge pillar at a stadium where people come to run and walk. As a man passed by I asked him do you know who said this “I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life”? He said no so I said Jesus.

Also set up my 1851 chart here and there, the children especially like to look at the animals particularly the fourth beast with iron teeth and people love looking at the beautiful angels.

“I saw that the charts ordered by God struck the mind favorably, even without an explanation. There is something light, lovely, and heavenly in the representation of the angels on the charts. The mind is almost imperceptibly led to God and heaven.” {13MR 359.3}

Writing on a white board is based on Habakkuk 2:2 “And the LORD answered me, and said, Write the vision, and make [it] plain upon tables, that he may run that readeth it.”

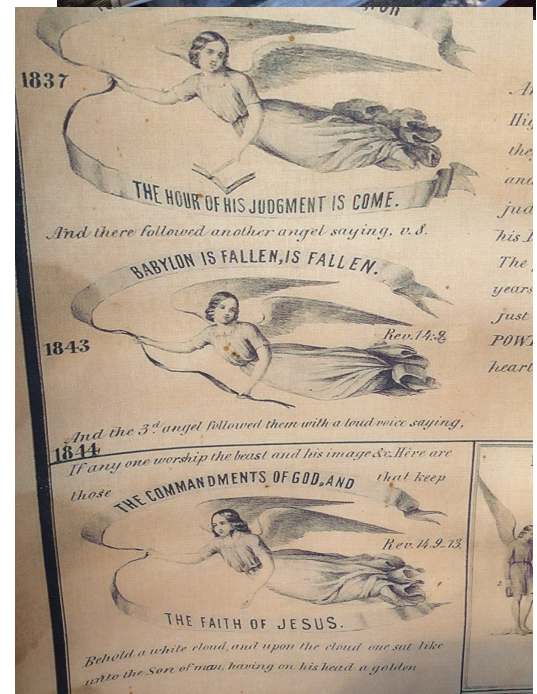

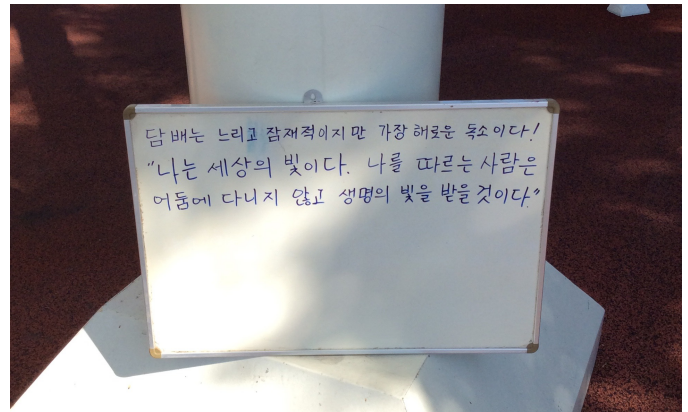

At a bus stop on Sunday an elderly dignified looking man came and said to me in Konglish (Korean and English combined) “Confucius said how do we know that there is a heaven or a hell a man must die first before he can know?”

He asked in a loud voice so all the others standing and sitting around could hear. He was assuming that his question would stump me. I said Jesus said “I am the first and the last I was dead and am alive forever more.” Told them Jesus resurrected from the dead and went to heaven and is coming again.

Though your efforts for good have been unsuccessful ninety-nine times, and you received only insult, reproach, and hate, yet if the one-hundredth time proves a success, and one soul is saved, oh, what a victory is achieved! One soul wrenched from Satan's grasp, one soul benefited, one soul encouraged. This will a thousand times repay you for all your efforts.

The harvest is ready here in Korea. Pray to the Lord of the harvest that he will raise up laborers.

Thank you, stefan

Dear brothers and sisters at R.M,

Hope these finds you well. We are fine and the work is going on well. We are reaching souls with God's last message of Revelation 14 and Revelation 18 . We are encouraging them not to be tossed to and fro and carried about with every wind of doctrine Ephesians 4:14.

Brethren, the work is fine and always enjoyable . New groups are coming up. Now we are not covering Mumias alone but Kakamega and so on. We will be having a seminar in Kisumu. We had a meeting in Mumias last week and one minister who attended promised to organise a three day seminar after realising that the message that I and my other brothers were preaching is not popular and its very deep.

Last week I spend three days in Kakamega, going around to the groups that I got first when I started my ministry work back in 2018. Amazingly, some members are still holding onto the truth even though some are married, some gone to look for jobs in cities. Some backslide but those when I managed through Christ to have a meeting with promised to continue attending those meetings.

Below are some of the new groups that we have formed and the program is on from next week. We will be having three meetings in a day.

a) He is brother Job. He is a nice brother who loves to study and find the truth. We will be having a meeting on every Monday evening.

b) Brother Elude and Francis and also our newly formed group and others that didn't attend on the day we looked at the prophecy in Zachariah 4. The meeting will be on every Friday morning.

c) Its also a new formed group. I was accompanied by brother Elias to this meeting. We took them through a study about Noah's time to show them that we are living at the end of time. Brother Elias emphasised to study in order to know the truth. The good thing is that one of these group was baptised last time when you visited us. The meeting will be on every Tuesday morning.

d) Yesterday evening after on our Mission trip we happen to pass by and we took some photos of our former class building, it is falling apart. Nothing is happening there, we are having our meetings under trees, sunshine and rain and even if we can organise seminars, we don't have venues.

Thank you Brethren and God bless you.

Yours Kennedy
