

RM Weekly Testimonies

From Pr Naik, India

Unpromising Fields — “The field of labor is to be extended. The gospel message is to go to all parts of the world. The most unpromising fields must receive earnest, determined labor. The sons of God, earnest, true, unselfish, must use all the knowledge they possess in managing this important work.—Manuscript 141, 1899.

We had wonderful meeting with Pastors, teaching them about the one true God.

Thank you so much for your prayers and support.

Regards.

Brother Naik.
India.

Greetings in the name of our lord and savior Jesus Christ.

After long time, God has given me wonderful opportunity to meet one of our bishops where I was trained in capital city of Hyderabad as a bachelor of theology. The bishop came to attend a thanksgiving meeting they have invited me to preach about the truth.

They know I am not keeping Sunday since 2014 onwards but they are the Sunday Bible training institution. Once I was trained as a Paster in there. The local college gave me a great opportunity to meet the bishop and I have test to find him what I believing and what the Bible says about one true God and the seventh-day truth. The bishop silently heard my message and he said that it is truth but many people could not keep the sabbath holy because it is a very sensitive day and most holy day. I said to him we can't keep it by ouselves, but through the promise of God, He can help us to keep His Ten commandments and His holy Sabbath day. He said you are right and God help you Paster Nayak in keeping and preaching Sabbath truth to many other believers.

And also our bishop said “once you were trained in our institution and theological College but now you are preaching the Sabbath truth. I appreciate that and I am so happy to meet you after a long time. May God bless you pastor Naik and keep you safe.” these words came from the bishop.

I was able to meet many pastors there and told them about Ten commandments of God and every opportunity is a chance for them to know about the wonderful truth.

Thank you so much Restitution brothers and sisters for your prayers and support to reach these kind of brothers and sisters during different gatherings and meetings. God has used me as a testimony among them to bring them back to worship one true God.

God bless you all, NaikChristian from India

From Stefan, South Korea

After our Lord and Saviour Jesus Christ perhaps the apostle Paul was the greatest medical missionary teacher the world has ever known. He wrote exactly 100 chapters of the New Testament.

Our Saviour went from house to house, healing the sick, comforting the mourners, soothing the afflicted, speaking peace to the disconsolate. --GW:188.

Of Paul it says He preached Christ publicly, in the market places and the synagogues. He taught from house to house, availing himself of the familiar intercourse of the home circle. He visited the sick and sorrowing, comforting the afflicted, and lifting up the oppressed. And in all that he said and did he preached a crucified and risen Saviour. YI 11: 22, 1900.

Went to a village in Oak Chun where there were many delapidated homes but the local municipal office decided to paint beautiful murals on the walls (see pictures)> Speaking of the walls was a great ice breaker in this neighborhood while going door to door. Asked one man "Do you suppose sir that not only our earth but the vast immense universe sometime waaaaaaaaaaaaaaaaay back had a beginning? I could almost see the wheels turning in his mind as his eyes looked up and down then he said "yea I suppose that perhaps there was a beginning, to which I said then there had to have been a Divine Architect a Creator. Many Koreans believe in DANGUN Mythology. They think Dangun existed before Adam and that nature made itself.

Met a 46 year old Mr Yoon who was at the home of his 92 year old grandmother Mrs Song. He told me he studied astronomy in college. So asked him, our globe spins around once and we have a day it rotates around the moon and we have a month and around the sun so we have a year tell me why do we have a week? He said do you want the religious answer or the scientific answer? I said both. He said the religious answer is God made the world in 7 days the scientific answer is the earth spins around 7 times so it is a week.

The Bible calls this.....oppositions of science falsely so called:) 1Tim 6:19.

The sweet still small voice of the Ruach Ha Kodesh (Holy Spirit) reminded me not to be argumentative and correct him the book Yesterday today and forever and praise God he bought it.

One man invited me to his apartment and we had a nice long talk. He had fought as a Korean soldier in Vietnam. Told me of all the booby traps that the enemy laid out for them.

Opened the Bible in his home and read the parable of the lost sheep and spoke of our earth as the lost sheep and the 99 as other worlds. This is unheard of light to most people.

The harvest is ready here in Korea, thank you for your prayers.

Stefan

From Ben, Kenya

Dear beloved brethren at RM

Receive our humble greetings in Jesus our Messiah.

We are doing well and evangelism has never stopped since we committed ourselves to the service of our great Master. I take this opportunity, on behalf of other brethren, to say THANK YOU. THANK YOU, dear beloved and humble servants for your dedication, and to stand, and support the work and pray for the work and bible workers. Let's take our Sister's advice, "It is not a vain thing to serve God. There is a priceless reward for those who devote their life to His service" Testimonies, vol. 4, p. 107.

I was reading this morning in Counsels on Stewardship page 40.

"The work must not stop for want of means. More means must be invested in it. Brethren in America, in the name of my Master I bid you wake up! You that are placing your talents of means in a napkin, and hiding them in the earth, who are building houses and adding land to land, God calls upon you, "Sell that ye have, and give alms." There is a time coming when commandment keepers can neither buy nor sell. Make haste to dig out your buried talents. If God has entrusted you with money, show yourselves faithful to your trust; unwrap your napkin, and send your talents to the exchangers, that when Christ shall come, He may receive His own with interest."

I quoted this statement to THANK you dear RM family, for your self-sacrifice and for standing with us and trusting us with your finances. THANK YOU our friends and brothers for your financial supports. Because of your supports, we are able to obey our marching order, 'Go ye into all the world, and preach the gospel to every creature.' We are all aware that we are nearing the close of this earth's history and we have before us a great work, - the closing work of giving the last warning message to a sinful world. And without finances, the work becomes more difficult, and that is why we THANK YOU for increasing our ability.

We thank you for your willingness to support another radio. This other radio will give Brother Kennedy a chance to share this truth in that region the radio covers. Having two radios is a great blessing, printing books and deploying bible workers in difference regions is amazing and gives souls opportunity to know God's will. We are read, "God calls for continual advancement in the work of diffusing light. We must study improved ways and means of reaching people. We need to hear with ears of faith the mighty Captain of the Lord's host saying, "Go forward." We must act, and God will not fail us. He will do His part when we in faith do ours. Historical Sketches, pp. 289, 290.

God has blessed us with this new bible study class under mango tree. This was the second meeting and our message has never changed. They want to study and make good choice in their spiritual walk.

This group worship on Sunday. When we went there, we found four people from the same group affected with jiggers. Jiggers are fleas which enter the skin, lay eggs beneath the host's skin, feeds on their blood and causing painful sores. These fleas normally like to affect toes, elbows and fingers. I planned with Brother Kennedy and Ashton to take our time on Friday and clean and treat the affected souls.

This is how jiggers affect people. We (Kennedy, Ashton and I) went and cleaned and treated our students who were affected by jiggers.

We cut their nails, removed some jiggers and dip their legs inside water.

After treating them, there is treatment oil we apply. These are couple, their children and grand children have abandoned them and they have been affected and has no bedding.

We then sprinkle treated water on the floor to kill fleas and their eggs. This is the house of the couples above.

This couple has been badly affected. They are good students of the word. We treated them too.

The lady and her daughter have been affected and we treated them too.

Another student affected with jiggers. We treated him too.

Thank you dear brothers. We managed to treat eight souls. We plan to do another treatment this month.

Thank you for your support which are assisting us do things we couldn't do before.

May God abundantly bless you.

Ben
