

RM Weekly Testimonies

From Fred, South Korea

Greetings from a beautiful spring in Korea. Yellow and pink flowers are blooming everywhere. Took my white board and tracts and went to the only college in Oak Chun and also to the sports stadium. For the college students wrote on the white board in English "Never mind the mistakes you have made. You are but a learner, and must expect to make blunders. Try again. Put your mind on what you are doing. Be very careful, and you will certainly succeed." {CD 262.2} Asked the students to write some Korean words and proverbs in Korean to help the foreigner learn Korean. They are happy to help and also willing to take a tract after that short encounter. But my experience is that trying to share a tract with a stranger without a laconic greeting of some sort many times people will refuse to take a tract.

At the stadium saw a man casually walking and he stopped to see the white board and took a picture of it to go home and study later. His name is Han Jang Huan. He said he has a Bible at home so I asked him how often he reads it, once a year or Once a month or week or every day? He said "now and then but hardly ever" I said "Do you know the Bible talks of Coronavirus? We opened Luke 21:11 And great earthquakes shall be in divers places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven. We read and talked of many other verses for about 40 minutes while sitting on a bench. When i was driving home after our talk i saw him walking down the street reading the tract as he walked.

Yesterday I went to one of the biggest National Parks in Korea about half an hour from our home and they also have a big Buddhist temple there. Wrote on my white board. Prov 17:22 "A merry heart doeth good [like] a medicine: but a broken spirit drieth the bones."

The huge WOK is a wok to cook up Bee Bim Bap (비빔밥). It is a famous dish here in Korea. It is boiled rice (200 kilograms with 8 kinds of wild herbs and vegetables and 7 kinds of mushrooms. Every year in October they cook up the meal and as the sign says they can feed 1058 people. The wok is 3.4 meters across and 1.5 meters high.

It reminds me of the Caldron that they put John into." John was cast into a caldron of boiling oil; but the Lord preserved the life of His faithful servant, even as He preserved the three Hebrews in the fiery furnace..... {AA 570.1}

People come to this National Park from all over Korea so it is a strategic place to share tracts. Thank you for your prayers and sympathy for the work of the three angels message in Korea. Stefan

From Kennedy, Kenya

Dear brothers and sisters at R M,
I hope all are fine and the work of God is going on well by His grace. I am fine and hope my brothers are also fine. The work of our master is move on well as Christ Himself is leading us and instructing me on what to do. Last month has been with a lot of work in reaching souls with the word of God. God is helping us to gate new souls and also nurturing those that we have already.

Like this group, my brethren, I was invited by a pastor who in the photograph is introducing me to the group just before my study. They are Sunday keepers but when I introduced to them God's last warning to the dying world, they were shocked and promised to have a weekly bible study class to know more.

This is one of our Sabbath classes that is doing well. All of them will be baptized during our coming seminar that will be on from 15 to 17 this month. I say thank you RM for your support because through it, we have rented the building behind for our classes, but before we were doing it under a tree.

On the left is brother Otieno. He is a good brother who is helping me to reach souls in some parts of Mumias and Butere. He was doing a bible study with one of the students who has promised to give us an opportunity to preach in the church that he is ministering.

These are young men and woman that God gave me a chance to present to them the three angles massage. They have gathered together for a four day fasting and prayer in the gaves of MT Sangalo. I was invited by them to be their teacher during that time. I have been with them since morning, taking them one verse after another on how God is repeating Himself in His word about false worship and its results. I have an invitation on Sunday in their church to give the same to all members.

Dear brethren, thank you a lot for the support that you have over the work of God in Kenya. To me it is of the great help because I am now paying two rental houses and paying two brothers Otieno and Peter who are helping me to reach many souls and forming bible classes in different areas. Thank you again for the radio program brother and sisters. I will be paying for the next month tomorrow before the Sabbath. Thank you a lot brothers and sisters and God bless all.

From Pr. Naik, India

Greetings in the name of our lord and savior Jesus Christ. I am so happy to meet you through this email and to share about the testimonies and the report from India what the heavenly Father and his mighty angels are doing through me in India through your prayers and support.

I'm so happy to work with you, it is a great blessing for us to take this wonderful truth to the gentiles and to the Hindus and Christian brothers and sisters.

We had wonderful meetings the whole week and God has opened many doors to reach and preach during the Easter and Good Friday celebrations in different independent denominations. I was invited as a speaker to share about the message of why Jesus was nailed and why son of god reason all these issues have shown them from the Bible to know the Prophecy should be fulfilled in his right time.

And the people of God understood the truth about one true God and the big attention of Jesus Christ who died for them on the cross and also who is going to come back to take his saints to live with him forever lord and savior Jesus Christ on the clouds.

it is amazing the travelling different places 200 kilometres and 300 kilometres village by village Church by Church to share this wonderful truth with the people and working with the independent different denominations it's a great blessing for me through restitution ministry to reach and preach to the people about this wonderful truth it is a great blessing for all of you to those who are sponsoring Indian mission work to take this everlasting Gospel to the Nations and kinder tung people.

dearest tution brothers and sisters it is amazing that working with the independent in nomination pastors and evangelist and elders and the committee members they are the people who is seeking the truth by understanding the prophecies by listening Tumi I hope that one day god will touch their hearts and they will be in heaven we see them face to face in heaven with the glorious bodies because we can't see the result quickly but one day we can see those who had this wonderful truth will be in heaven with us I appreciate your prayers and support for Indian mission work continue to pray and support this work so that I can go and share this wonderful Gospel to the people of God in India.

God bless you.

Brother Naik.

From Ben, Kenya

Dear Brother Neville and RM,

Receive our greetings in Jesus our Messiah. I am sorry for sending this late but it's because of a busy schedule. The work is going on well and we are busy reaching souls with the three angels message.

I travelled to Ogembo in Kisii last week Wednesday, to visit Sister Mercyline Juma. From Bungoma to Ogembo in Kisii is around 220 kilometers. Sister Mercyline sent you an email early this year asking for partnership with Restitution Ministry. I contacted her and we agreed that I should visit her and see what they are doing.

Sister Mercyline and her husband run a church called The Family of Christ. They are an independent denomination without affiliation to any denomination. They have other two branches within Kisii County. Mercyline and her husband have an orphanage that provides basic needs to nineteen kids. Twelve of these kids are total orphans without a mother or a father. The remaining seven has single parent. We had a good time with both orphans and also had a separate meeting with sister Mercyline, her husband brother Willis Mukaya, Pastor Isaac Ogetii, elder John Ndege Momanyi, and one brother who is helping take care of the kids.

In our meeting, I made it clear to them the importance of having right doctrines and believing the truth. I took them through the bible, exposing errors in Christianity today which unfortunately the foundation of their church is founded on. They worship on Sunday, believe in trinity doctrine (Jesus Only model), baptize in trinity, and many errors the Christianity of today have embraced.

We could not cover every topic but I had an opportunity to share with them the three angels' message. I also gave a summary of our foundation as Restitution Ministry per the Holy Scripture. They agreed that there are many things they need to learn, and therefore, they assured me that they are going to arrange for a day and invite us to have a good time of studying and understanding the truth. I gave Mercyline and her team books which they will be reading so that they can better understand the truth we believe in and cherish. My journey was safe and we give glory to God.

Our aim is to teach the word so that the Word can transform life and people to know the will of God. What I have been insisting to our fellow brethren has been the need to be obedience to God's Word and be part of God's end time church. Apart from their spiritual need, these orphans are not getting everything they need; therefore, their request was to the ministry to consider supporting them financially so that they can be in a better position to help these orphans get food, clothing and shelter.

After this meeting, I also visited Sister Beatrice who has been in touch with Restitution Ministries for a very long time. Beatrice also comes from Ogembo but in different location. Beatrice shared with me how she has been sharing with her community the three angels' message. Our sister Beatrice has a Sabbath keeping church/home church at her house.

She has been inviting her neighbors to fellowship with her on the Sabbath where they are learning a lot and providing them with food for lunch.

Apart from evangelism, Beatrice is also providing assist and feeding the less fortunate in her community. Sister Beatrice believes the Sabbath truth and the truth about God. Beatrice does not believe in trinity. We also agreed with her to plan for a day we can have enough time to remind ourselves this truth that separates us from other ministries and groups.

Sister Marceline, Isaac Ogedi, another brother, and me. Sister Marceline with her husband is running an orphanage of 19 children, 12 of them are total orphans and 7 have single parents. They are independent church calling themselves The Family of Christ.

I talked to the children and took a photo with them.

Mercyline's husband is serving kids with food.

They are having their lunch. Their lunch was rice.

The next meeting in Kissi was with the family of Sister Beatrice. Beatrice is next to me in black dress. Beatrice now believes in Sabbath truth, law and she is a non-Trinitarian. Her husband welcomed me well in his family and I shared the word with the husband sited next to me. Sister Beatrice has a church in her house with her family and neighbors which meets ever Sabbath. We will continue to pray for them. Once again, thank you RM for your financial supports which is enabling us to reach souls and expand evangelism work in new regions.

My wife is locked in another town with my two kids and Sister Caroline whom I shared with you that has keloid on her ear. I have been communicating with them and they are safe. The government has imposed more tough Covid 19 rules, and they have locked down five counties. We planned to have a seminar this month of April but we have decided to postpone due to Covid 19 laws prohibiting large gatherings. People are being vaccinated here already and they talked about taking away some rights to force citizens to be vaccinated. I am not going to allow this poison in my body. What is the ministry stand on vaccination? Thank you all.

Dear RM,

Receive our greetings once again in Jesus our Messiah. We are doing well and the Word is reaching souls. Once again, I take this opportunity to thank you for your supports and prayers. Your supports are very important not only to us but also to the students of the word who are benefitting with the three angels message, health messages and humanitarian assistance we have been providing for sometimes now. God has been faithful to us and to His work.

Our focus and duty has been, and will always be to present the three angels messages, and making people know the importance of having right teachings as the foundation of their faith (1 Timothy 4:16). Presenting this message will forever remain in my heart, because Christianity has been brainwashed and God's people are being feed vomit (Isaiah 28:8). Faithful watchmen must rise up and blow the trumpet (Ezekiel 3:17-19).

Our main focus is evangelism and bible teachings which will enable souls become part of the remnant church by making right decision after taking them through the bible, which is the foundation of our faith. Restitution is a teaching ministry and we are maintaining this as our top priority. We are still using radios to communicate end time truth. I once again thank you, dear faithful ones, for your support which enabled us pay for the two radios we are currently using to communicate this Word. We are still running bible study classes and still maintain and encourage Sabbath keeping home churches.

We are fine, today was another good day for evangelism and killing bedbugs. We treated/sprayed six houses. Many brethren asked us if we can help them spray for them bedbugs which have invaded their houses and beddings. These souls have no peace at night because that is the time these parasites feed on their blood and their children's.

I bought pesticide and mixed with water which we sprayed in six houses and their chairs and beds, mattresses and blankets.

We studied about obedience to God's laws. After the study, we sprayed more houses which have been affected by bedbugs. All the people who attended our today's class were fifteen students.

I am mixing medicine with water.

We normally spray blankets, mattresses if available, mats, chairs and beds.

We remove mattress and spray bed frames because bedbugs normally hide inside frame.

On Monday, we were invited by a principle of one of the high schools in this region who has founded an orphanage and a school to help the community. The principle talked with Brother Ashton if we can visit her in her orphanage and teach her staff and parents. Kennedy, Ashton and I, visited her on Monday. We found her staff, and few parents who heard about our visitation.

The lady is on the right next to me with green dress on. She said that her school has 120 kids she is freely supporting because they come from poor families. She is also providing them with free lunch. Out of these 120, there are some who are lame, and orphans. She is using her salary to run this school and provide food for the kids who she is freely supporting. We had a good opportunity to present the truth before their ears. They have requested us to visit them again and share more truth with them. Our brother Kennedy was the teacher of the day where he gave the three angels messages.

Our brother Ashton is presenting truth before these brothers who came to visit him at his house.

This is a meeting our brother Abraham is teaching once a week. The study of the day was about God's Law.

Thank you very much for your prayers and supports.

Kind Regards,

Ben
