From the Mission Fields

From Barbara, Victoria

Hello Dear Neville and all at Restitution. Here is an up-date of baby Imogen.

Imogen has been on chemo for 684 days. As I think back to the time of her first diagnosis on Christmas Eve 2019 when Christie and I were in PICU with her, I remember some advice from a friend of mine who had a child who underwent chemo for cancer and survived. She said, "Don't ask God why this has happened. You'll never get an answer (until heaven). Just pray. Pray. Pray." It is bitter-sweet that praying for Imogen to be healed of cancer is all I can do. I feel frustrated as a father that I can't fix the situation myself, but it gives me great comfort and hope in praying to God - who is bigger and stronger.

Imogen is now 23 months old. We have been grateful for every day with her. She is in active treatment at the moment at home. Christie is her full time care-giver. I am back at work full time. We continue to pray non-stop that God eliminates the Glioblastoma Multiforme Grade 4 cancer in her brain and spine. I'm putting my faith in Him that He will cure her of this disease.

Please join us in praying for baby Imogen's full healing from brain cancer, congenital Glioblastoma Multiforme Grade 4, and that God guides her medical team and treatment.

Love from Brad and Christie Rea

Psalm 34:17-18 "When the righteous cry for help, the Lord hears and delivers them out of all their troubles. The Lord is near to the broken-hearted and saves the crushed in spirit."

From Pr. Naik, India

Dear saints of God. Greetings in Heavenly father and his Begotten son. Thank you so much for your prayers and encouragement and support for Indian mission work.

In these pictures you can see William Carey and other missionary's day celebration. God has given me this wonderful opportunity to share with them about history of 7 churches in Book of Revelation.

God has given this wonderful opportunity to teach these wonderful pastors and leaders, and bishops the importance of preaching from Holy Bible alone.

I explained to them that today it is a fashion to preach our own doctrine and our own interpretations with our knowledge and skills, but God doesn't accept man's teachings because God wants to tell the truth to the people from the Bible only.

Thank you. Blessing. Brother Naik.

From Pr. Naik, India

Our heavenly Father has given me wonderful opportunity to reach all these 26 pentecostal pastors about one true God.

All these pentecostal pastors working in different areas surrounding Kora Padu Mandal headquarters and they all joined together to know the end time events to prepare their local churches and I went there and preached this wonderful truth to them and they all were very happy and understood the truth and decided to follow and worship the one true God.

Thank you so much restitution brothers and sisters for your prayers and support, God is doing amazing things here in India through your prayers and the people are understanding the truth and worship the one true God also carrying the message in the local churches to teach to the people and prepare their souls for second coming of our Savior Jesus Christ.

Thank you. Blessing. Please pray for Indian mission. Pr Naik Christian.

From Stefan, South Korea

Will we get grey hair in heaven? Did Adam have a belly button? Will come back to these questions in a moment.

This past week I spent my time splitting wood for winter with a wedge and mingling with people at Song Ri Mountain.

We have been told "When properly conducted, the health work is an entering wedge, which will make an opening for other truths to find entrance to the heart".

While preaching to passers by I have found that the response is much more open while speaking on health. The gospel commission in Mark likewise includes health and healing with the gospel... "Go ye into all the world, and preach the gospel to every creature."

"He that believeth and is baptized shall be saved;..... they shall lay hands on the sick, and they shall recover."

"And they went forth, and preached every where, the Lord working with them, and confirming the word with signs following." Amen. I asked the people "if you had 4 bowls with whiskey, coffee, water, and Coca-Cola what would your dog drink?"

Then ask them questions straight from the Bible - “Who hath woe? who hath sorrow? who hath contentions? who hath babbling? who hath wounds without cause? who hath redness of eyes? Proverbs 23:29

Many years ago a Korean police officer got drunk and then shot and killed 62 people and injured 35 others... “At the last it biteth like a serpent, and stingeth like an adder. (Prov 23:32)

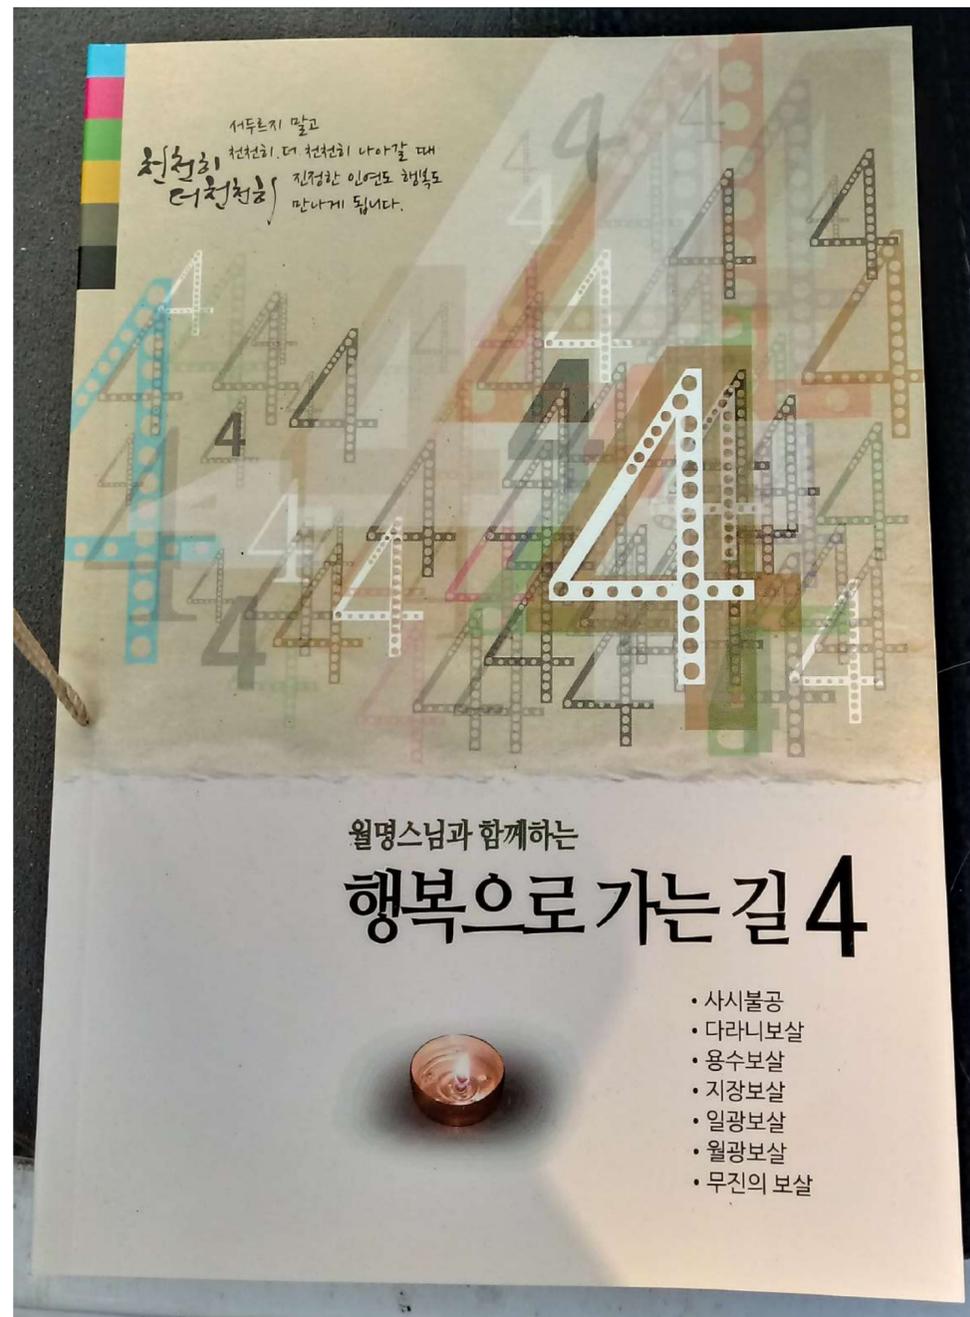

This historical fact is a powerful message to remind Koreans of the evils of alcohol.

Another entering wedge for parents is their children. I asked this lady to buy this English Korean book about the sermon on the mount instead of junk food for her son.

Song Ri Mountain has a gigantic Buddhist temple deep inside the mountain so many monks are here and there also I saw a lady with a big box of Buddhist books handing them out. Here is the book. She gave me one. We swapped her book for the ten commandments.

Brothers and sisters we have truth filled literature that has the "pearl of great price" within its pages if we neglect to get our books and tracts to the people then the Buddhist's and worldlings will fill the land with baloney.

When handing out the ten commandments I tell them this is the Royal law of liberty

The truth will make you free.

So back to the question, did Adam and Eve have belly buttons?

Every good and perfect gift that God has given the devil has a counterfeit.

God blessed the 7th day ,Satan brought in a counterfeit, Sunday

The list is too long to mention all just a few more. God has given us useful manual labor like working in the garden and the devil has all the competitive sports.

Sacred Holy music/ lewd low satanic music.

Good wholesome natural food/ junk food

God has an entering wedge, the health reform message. Satan also has a counterfeit "entering wedge" which is "side issues".

Let us stick with our marching orders.

Lord save us from side issues!

Muchas gracias for your intercession and regard for the gospel work in Korea 🇰🇷, Stefan

THE FARM...

Before we had our working bee last Monday the “three woolly boys” had an appointment with “the shearer”, which is always a hard time for them

Then Veronica,
Di & Steve,
David & Linda,
came and joined
Veronica, Di &
Steve, David &
Linda, Cecilia &
I for the
“working bee”.
First, we
assembled a
chicken house
because Steve
& Di gave us 2
small hen
chicks.

Then we planted

And ate...

And planted some more
